By Timely Use of Lydia E. Pinkham's Vegetable Compound.

## Mrs. Sowers' Own Statement.

Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## AN OLD RECIPE

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage and Sulphur, properly compounded, bring back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 80 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you have used your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

## TOWN SCHOOL COMMITTEE.

No Outsider to Speak at High School Graduation Exercises Next Year.

Two innovations were discussed at the regular meeting of the town school committee Wednesday evening. The first was the high school paper which it is proposed to start in the near future. Those who are fathering the paper at the institution desire to make the first of the nature of a souvenir, with a cut and description of the new and magnificent building which houses the school, and the proprietor of the committee for help in preparing the number. A committee consisting of Mrs. Fenn, Mrs. K. J. Spaulding and George S. Ellsworth will be appointed to ascertain just what was desired of the committee, and report at the next meeting. There is no reason why the school should have less than the common parlance.

A hunter who goes afield today with dog and gun and fairly and squarely shoots a half dozen partridges on the wing in the woods and bushes where they are to be found, does a fine job. A male bird gets up with a hustle and boom that so frightens the amateur that Mr. P. is in the next county before the hunter realizes that he has a gun at all.

The Connecticut hunter says the pheasant is not a great bird for the sportsman. It flies heavily and resembles a chicken in many ways.

Mrs. H. E. Paul doesn't mind about dandelions. She picked a few as fresh and blue in springtime in her yard Wednesday.

Leon Deville of Danielson is employed with local lumber barber. Venison steak and roasts were on several home bills of fare Wednesday. Only a few were fortunate enough to get a taste. It is hoped that the next deer killed in the borough will weigh 2,000 pounds, instead of 200 and it is a safe bet that it will!
